EZ Prints offers many different sized cards, 5x7, 3.5x5, 4x8, and 5x5, as well as a bouquet of different papers, trims and finishes. We are constantly looking for the new and best in papers and stylings. The Environmental papers are an example of our continuous outreach for unique offerings. These eco-friendly papers have a clean appearance and smooth surface and are made from 30% recycled paper. With our paper, trim and texture choices, there are many ways to make a personalized card experience for every customer.

photo cards

Our laminate over-lays offer a unique finish and texture for any card size or paper type. We currently offer 3 finishes: Linen, Leather, and Karess.

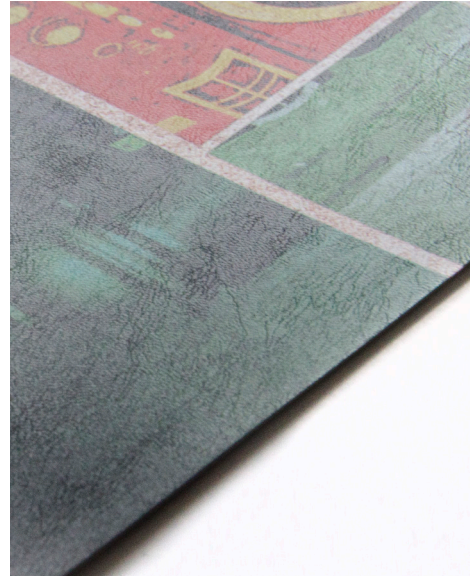

Linen:

This finish gives cards a unique cross-stitch

Karess:

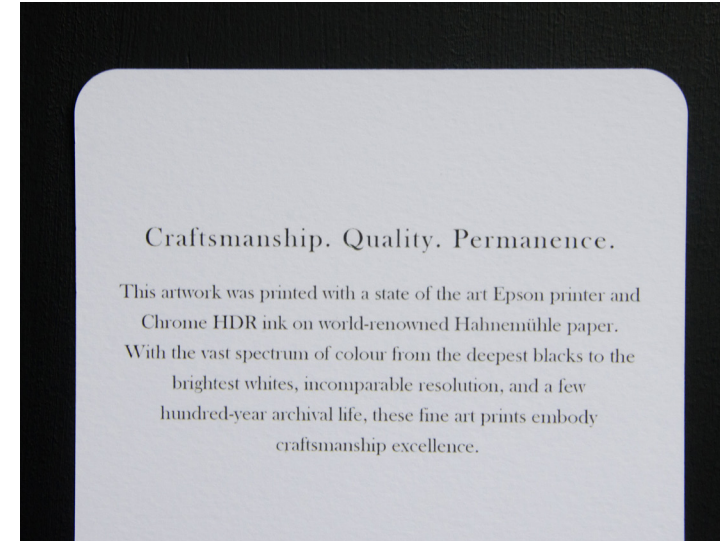

This finish is an extreme matte that is silky smooth to the touch.

Leather:

This finish has the same markings as an item made with leather material.

Additionally, EZ Prints offers 4 different trim finishes: Round, Ticket, Bracket, and Scallop. Currently, we offer these trims on all sizes of our flat cards.

Our Fine Art Prints are printed on Hahnemühle papers that range in surface variety - Photo Rag, Tochon, Bamboo, German Etching®. Hahnemühle papers are world-renowned among artist, because they guarantee the best spectrum of color, incomparable resolution and a few hundred-year archival life. EZ Prints uses Epson K3, 3 levels of Black, and HDR, High Dynamic Range, pigment ink through our state-of-the-art Epson Inkjet printer, which create gallery-like quality prints that are stunning.

EZ Prints underwent a rigorous certification verification process to become a Hahnemühle Certified Studio for digital fine art printing. Among many other criteria our plant showed expert levels in fine art inkjet printing workflow, standardized light color matching conditions, and knowledge of the non-destructive image processing.

Photo Rag - Due to the fine, sensual, and smooth surface, Photo Rag paper is the most popular paper choice among photographers to create superior quality art prints.

Torchon - Torchon paper has a dramatic texture, which can perfectly capture the original beauty of a dated picture, keeping your photos and artwork timeless. Torchon paper will bring out the character and three dimensionality in a beautiful way.

Bamboo - The world's first digital fine art inkjet paper made from bamboo fibres, this paper represents spirituality, naturalism, and environmentalism while giving work a beautiful finish.

German Etching - A mouldmade paper, German etching features a distinct textured surface with a handmade quality.
