# Order Information

## Order Just Received Interpretation

- The order admin tool displays the following:
  - Order number
  - Shipping Method
  - Customer information
    - The address displayed is the shipping address.
  - The order date
  - The products ordered
    - You can view the ordered images by checking the “Click here to show line item details”
- The “Cancel This Order” option is only briefly available after an order has been received. If the option is not visible the order cannot be cancelled.

•Access World Wide and USPS First Class are not traceable.

# Order Actions

## Pre Shipment Action Options

### What do you want to do?

Upgrade Shipping Method

Change Shipping Address

Cancel This Order

Request Refund

- **Upgrade Shipping** – Available to upgrade the shipping method for delayed or problem orders.
- **Change Shipping Address** – Allows us to change or make corrections to the shipping address submitted.
- **Cancel Order** – This option is only briefly available between the time an order is submitted until it has entered production. If the option is not available the order cannot be cancelled.
- **Refund Request** – This request is sent to our accounting department to request a refund for an order. If only a portion of the order is being refunded, un-check the “apply to whole order” box and check the box beside the items affected . Include details in the “Comments” box.

# Order Actions

## Post Shipment Action Options

### What do you want to do?

Resend Order

Request RMA Number

Request Refund

- **Resend Order** – This is a reprint request for orders not received, orders missing items, or damaged orders. You can reprint the entire order, by leaving the “apply to whole order” box checked, or individual items, by unchecking the “apply to whole order” box and checking the specific items. You can also change the shipping address and upgrade the shipping method.
- **Request RMA** – This is a request to send the customer a return shipping label. These are only used for large value orders that are damaged, processed incorrectly, or unwanted. You can apply to the entire order or specific items as above. We receive these requests and send the label to the e-mail address listed in the order.
- **Request Refund** – Same as previous slide.

# AVS

## Address Verification System

- ezprints has an Address Verification System (AVS) in place to check the shipping address of orders for inaccuracies prior to the order entering production. Below are the steps in the AVS process if an order fails address verification
  1. An e-mail notification is sent to the partner.
  2. A notification is created by the partner and sent to the customer.
  3. The customer replies with confirmation of the address or an updated address.
  4. The action to resolve is selected by the partner the Admin Tool.

# AVS

## E-mail Notification Sent From EZP

From: [support@ezprints-inc.com](mailto:support@ezprints-inc.com)

Subject: Problem Order 355530(EZP Reference 00001-201209042207-41455)

Dear Partner,

This order has been placed on hold for the following reason and requires an action from you.

A shipping address in this order failed address verification.

We will delete the order within 10 business days of this notice if it has not been resolved.

To resolve the issue, please visit [The EZ Prints Order Administrator](#)

Please do not reply to this email; it is an automatic notification.

Sincerely,  
The Customer Care Team

**Outcome:** Approved 5/31/2012 12:16 PM by kfelix

**What do you want to do?**

- If an order has been returned more than once from the same address, an alternate address is needed to reship the order.
- Acknowledging the return is to confirm the e-mail notification was received.

# Returns

## Customer Returns

- When a customer returns an order, we make a note in our admin tool and an e-mail notification is sent to our partner. There are two possible actions for a customer return. A reprint or a refund.
  - A reprint is for the exact item ordered. Reprints are usually used for damaged orders or orders not received.
    - We are not able to make any changes to the items in an order once it has been submitted.
    - If changes to the order are required by the customer, a new order will need to be submitted.
    - ezprints will keep the images in an order for 45 days. After 45 days the order will expire and will not be available to reprint.
  - ezprints will refund our partner for orders damaged in processing or shipping. ezprints cannot be responsible for low resolution images or images submitted with incorrect cropping.

# Escalation Paths

- Below are steps for communication/escalation paths in the event an agent needs to reach out to ezprints.
  - The Admin tool is usually the right place to ask any order specific questions. On the main page, you will see a button at the bottom right hand corner. This will allow you to add comments about particular order.
  - You can also email directly to [support@certifiedcustomercare.com](mailto:support@certifiedcustomercare.com). Our agents will help resolve any escalations if they cannot be completed in the portal.
  - ezprints can also be reached by phone at (888) 267-7574  
Monday – Friday 8am-7pm EST
